On July 14, 2005, the Lahontan Water Board adopted an amendment to page 2-28 of the *Water Quality Control Plan for the Lahontan Region* (Basin Plan) under Resolution R6T-2005-0021. The adopted amendment changes Table 2.1 "Beneficial Uses of Surface Waters of the Lahontan Region" by removing the Municipal and Domestic Supply (MUN) beneficial use designation from the row for Owens Lake. The amendment will not take effect until it receives further approvals from the State Water Resources Control Board and the California Office of Administrative Law.

The approved deletion of the "X" from the MUN use column in the Owens Lake row of Table 2-1 is shown in strikeout format below. For clarity, only entries for Hydrologic Unit (HU) No. 603.30 on page 2-28 are shown. The amendment described above is the only regulatory change in Table 2-1. If there are typographical errors in any other parts of the following table, they are not meant to imply any changes, regulatory or editorial, in the Basin Plan.

Adopted change to Basin Plan page 2-28:

TABLE 2-1. BENEFICIAL USES OF SURFACE WATERS OR THE LAHONTAN REGION

Unless otherwise specified, beneficial uses also apply to all tributaries of surface waters identified in Table 2-1.
